Objective:

I am a motivated and detail-oriented Frontend Developer with skills in HTML, CSS, Bootstrap, JavaScript, jQuery, and React JS. I'm looking for an entry-level role where I can apply my knowledge and help create innovative web solutions while gaining experience.

Core Competencies:

HTML/CSS: Proficient in creating and styling web pages using HTML5 and CSS3, ensuring semantic structure and responsive design.

JavaScript: Solid understanding of JavaScript for adding interactivity and dynamic content to web pages.

Bootstrap: Skilled in using Bootstrap for building responsive, mobile-first web pages with predesigned components and utilities.

React.js: Competent in developing dynamic, single-page applications using React.js, including component-based architecture.

Responsive Design: Expertise in implementing responsive design principles to ensure a seamless user experience across different devices and screen sizes.

Cross-Browser Compatibility: Ensures web applications function correctly across various browsers and devices.

Code Optimization: Ability to write clean, efficient, and maintainable code, with attention to performance optimization.

Technical Skills:

- Languages: Java Script, ECMA Script, React JS, Python(basics), Java(basics)

- Platforms: Windows

- Designing: HTML5, CSS3, Bootstrap

- Other Skills: Verilog, System Verilog

Educational Qualification:

- B. Tech in ECE from Dhanekula Institute of Engineering and Technology, Ganguru, in 2022.

- Diploma in ECE from Dhanekula Institute of Engineering and Technology, Ganguru, in

   2019.

- Matriculation from H.M.K High School, Gosala, Vijayawada in 2016.
